## Dr. Ken Ginnan

Dr. Ginnan graduated from the University of Saskatchewan in 2006 and has been a dentist at Cascade Dental since 2007. And, although he enjoys all aspects of dentistry, he believes that relieving patients of their dental pain is his greatest reward.

An avid marathon runner, Dr. Ginnan often races in several marathons throughout the year. And, especially after his races he has an adventurous appetite and now has a new found respect and appreciation in the value of maintaining healthy teeth.
